TO WHOM IT MAY CONCERN

As one of Alliance Group Ltd's (AGL) preferred providers, Accelerate Physiotherapy provides an excellent service to the company. Accelerate Physiotherapy's holistic approach to fitness and return to work covers many barriers, both physical and psychological often associated with injury and disability.

AGL uses Accelerate Physiotherapy worksite services, as it has developed an understanding of AGL's industry and culture. AGL appreciates the "hands-on" and "down-to-earth" manner in which Accelerate Physiotherapy treats our employees and how it really supports and encourages AGL's employees to move forward and to take control of their own rehabilitation and recovery with the overall aim of getting their health back on track.

AGL would be happy to recommend Accelerate Physiotherapy to others.
